

25 WORKSHEETS, Endless Possibilities

The 25 worksheets in this packet are designed to work with lots of different types of artworks.

Choose an artwork, print a worksheet, and start the activity - it's that simple!

Each page has instructions at the top and plenty of space for the activity. Most of the activities work for all grade levels, with a few for older students only.

Save time in teaching prep with activities that adapt to your lesson plans.

"I really love is all of the worksheets...I use at least one a week. I can apply them to almost any work of art, and she has resources to help us do that. One of the worksheets that I love [is] to develop a poem and put them with a shape that they see within [the art]. That little simple project, they love to do."
